## Residential PG&E E-1 Electric Rate Schedule

<b>Energy Charge</b> (\$/kWh)				
<b>Tier 1</b> (Baseline)	<b>Tier 2</b> (101- 130% of baseline)	<b>Tier 3</b> (131- 200% of baseline)	<b>Tier 4</b> (201- 300% of baseline)	<b>Tier 5</b> (Over 300% of baseline)
\$0.11559	\$0.13142	\$0.22580	\$0.31304	\$0.35876

The E1 rate schedule is not time-of-use dependent, thus these rates apply no matter when the energy is used (e.g. rates are fixed for any time of day or any time of year).
